

PRODUCT DATA SHEET

Premium Edition Water Resistant Canvas

Product Description: Premium Edition Water Resistant Canvas (PECWR) is a more textured ink jet canvas which provides professionals with a "true canvas look." The DuraGraphix™ coating demonstrates a high white point and a wide color gamut. The opaque matte finish is water resistant which allows the use of aqueous based top coats. This canvas is highly stretchable and resists cracking. When used in conjunction with IJ's water based Eclipse Finishing Solution. In addition, the Eclipse Finishing Solution allows a marked improvement in color saturation, apparent contrast, and durability. IJ Eclipse Finishing Solution is available in Satin and Gloss finishes.

Suggested Uses: Photographs, portraits, fine art reproduction and any application where an authentic canvas look is desired.
